

Conducting a Voter Registration Drive in Nevada

Voter Registration Deadlines

Mail and in-person registration: 4th Tuesday before Election Day

Online registration: Thursday before Election Day

A specific turnaround time applies to voter registration drives turning in applications they collect. See below.

Before Getting Started

Training Requirement: Nevada does not require training for registration drives.

Notification and Registration Requirements:

Organizations and volunteers conducting voter registration drives are required to complete a Mail-in Voter Registration Application Distribution Plan if they will be requesting 50 or more voter registration forms from either the Secretary of State or the local county clerk. The form for the Plan is available on the [Secretary of State's website](#) or in person at the offices of the Secretary of State or the local county clerk. For a complete list of dos and don'ts, plus county contact info, see [here](#).

Compensation Restrictions: It is illegal to pay registration drive participants based on how many registrations they collect.

Obtaining Applications

State Form: Voter registration groups may obtain [voter registration applications](#) from the offices of the Secretary of State or [local county clerks](#).

Federal Form: The [federal mail-in voter registration application](#) may be used in voter registration drives.

Photocopying Blank Forms: Blank state forms may not be photocopied for use in registration drives.

Handling Applications

Incomplete Applications: Nevada law prohibits filling in any information on the voter registration application unless it is requested by the applicant.

If assistance is provided, you are required to fill out the acknowledgment section of the voter registration application and sign it, as well as enter your name on the duplicate copy or receipt retained by the voter.

Photocopying Completed Applications: There is no law or rule prohibiting photocopying or retaining information from completed registration applications. As a best practice, a voter's full or partial Social Security number and/or driver's license number should not be retained.

Signing Applications: If you retain an application to submit on behalf of a voter, you must print your name in the designated area of the applicant's receipt at the bottom of the registration form.

Submitting Applications: Completed applications collected during a registration drive must be mailed or delivered in person to the [county clerk's office](#) within 10 days after it was completed or before the registration deadline, whichever is earlier.

When the registration drive is complete, all completed and uncompleted forms must be returned to the respective county clerk.
